C. S. MENON, *Accountant General, Mysore, Bangalore.*

OFFICE OF THE ACCOUNTANT GENERAL IN MYSORE, BANGALORE.

Notification, dated 31st July 1964.

To.

All Gazetted Officers of the Government of Mysore.

Sir.

Sub—Certificate of transfer of charge on relinquishing and/or on assuming charge of posts—Despatch of to the Personal name of the Audit Officer.

No. GM/Genl/4. A reference is invited to the provision of Article 100 of Mysore Financial Code according to which every transfer of charge of a Gazetted Government servant proceeding on leave or on transfer or returning from leave should, without fail be reported by post on the same day to the Accountant General in Form 19 M.F.C. It is seen that in several cases the C.T.Os. are treated as just routine references and sent along with other letters addressed to this office. As several letters received in this office are to be dealt in different Sections of this office, it is seen that generally some time is lost before the C.T.O. reaches the appropriate Section. In order to obviate delay arising out of this practice, it is suggested that the certificates of transfer of charge are invariably forwarded to this office, in future, in a separate cover addressed to the Officer in-Charge of the G.A.D. Section by name. This arrangement may be followed with immediate effect.

Yours faithfully.

2952 ....., *Assistant Accountant General.*

C. S. MENON, *Accountant General, Mysore, Bangalore.*

OFFICE OF THE ACCOUNTANT GENERAL IN MYSORE, BANGALORE.

Notification, dated 31st July 1964.

To.

All Gazetted Officers of the Government of Mysore.

Sir,

Sub—Certificate of transfer of charge on relinquishing and/or on assuming charge of posts—Despatch of to the Personal name of the Audit Officer.

No. GM/Genl/4. A reference is invited to the provision of Article 100 of Mysore Financial Code according to which every transfer of charge of a Gazetted Government servant proceeding on leave or on transfer or returning from leave should, without fail be reported by post on the same day to the Accountant General in Form 19 M.F.C. It is seen that in several cases the C.T.Cs. are treated as just routine references and sent along with other letters addressed to this office. As several letters received in this office are to be dealt in different Sections of this office, it is seen that generally some time is lost before the C.T.C. reaches the appropriate Section. In order to obviate delay arising out of this practice, it is suggested that the certificates of transfer of charge are invariably forwarded to this office, in future, in a separate cover addressed to the Officer in-Charge of the G.A.D. Section by name. This arrangement may be followed with immediate effect.

Yours faithfully,

2952 ....., *Assistant Accountant General.*

(*a*) Every dentist should be courteous, sympathetic friendly and helpful. He should be ever ready to respond to the call of his patients and should be mindful of the high character of his mission and responsibilities he holds in the discharge of his professional duties. He should ever remember that the treatment of the patient and cure of the disease depends on the skill and prompt attention shown by him;

(*f*) A dentist will not permit considerations of religion, nationality, race, party politics or social standing to intervene between his duties and his patient ;

(*g*) Information of a personal nature which may be learned about or directly from a patient in the course of dental practice should be kept in the utmost confidence. It is also the obligation of the dentist to see that his auxiliary staff observe this rule.

3. *Duties of dentists towards one another* :

(*b*) When the dentist is entrusted with the care of the patient of another during sickness or absence, mutual arrangements should be made regarding remuneration ;

(*c*) A dentist called upon in any emergency to treat the patient of another dentist should, when the emergency is provided for, retire in favour of the regular dentist but shall be entitled to charge the patient for his services ;

UNETHICAL PRACTICES

8. The Dental Council of India considers the following practices as unethical. This list may be added to as and when deemed necessary by the Council :

(*a*) *Unregistered Assistants and Covering* :—A dentist is not permitted to employ in his professional practice as assistant except a dental hygienist or a dental mechanic, who is not registerd either in the Dentists Register or in a Medical Register and to allow him to practise dentistry as defined in Rule 1. A dentist doing so renders himself liable, on proof of the facts, to the erasure of his name from the Register.

Similarly any dentist who by his presence countenance, advice, assistance, or co-operation has knowingly enabled an unregistered person, whether described as an assistant or otherwise to practise dentistry renders himself liable, on proof of the facts, to have his name erased from the Register.

Students enrolled at recognised dental institutions do not come within this category.

(*b*) *Styling the Dental Clinic* :—Styling of a dental clinic or chambers by the name of 'Dental Hospital'.

(*c*) *Drugs Act of 1940* :—The contravention by a dentist of the provisions of the Drugs Act of 1940 and the rules made thereunder may be the subject of criminal proceedings, and any conviction resulting therefrom may be dealt with as such by the Council under the powers given them by Section 41 (1) (ii) of the Dentists Act, 1948. But

any contravention of the Act or the Rules involving an abuse of the privileges conferred thereunder upon dentist, whether such contravention has been the subject of criminal proceeding or not, will if proved to the satisfaction of the Council, render a dentist liable to have his name erased from the Dentists Register.

9. *Certificates*:

Any dentist who shall be shown to have signed under his name and authority any certificate which is untrue, misleading or improper, is liable to have his name removed from the Dentists Register.

10. *Advertising and Canvassing* :

The practices by a dentist—

of advertising, whether directly or indirectly, for the purpose of obtaining patients or promoting his own professional advantage; or for any such purpose of procuring or sanctioning or acquiescing in the publication of notices commending or directing attention to the practitioner's professional skill, knowledge, services or qualifications ; or of being associated with or employed by those who procure or sanction such advertising or publication ; and of employing any agent or canvasser for the purpose of obtaining patients ; or of sanctioning or of being associated with or employed by those who sanction such employments, are in the opinion of the Council contrary to the public interest and discreditable to the profession of dentistry ; and any dentist who resorts to any such practice renders himself liable, on proofs of the facts, to have his name erased from the Dentists Register.

The following, amongst others, will be deemed as advertising :—

(i) The use or exhibition of any sign, other than a sign which is its character, position, size and wording is merely such as may reasonably be required to indicate to persons seeking them the exact location of, and entrance to, the premises at which the dental practice is carried on ;

(ii) The use of sign boards larger than 3′ × 2′ and the use of such words as "Teeth", "Painless Extractions" or the like, of notices in regard to practice on premises other than those in which a practice is actually carried on of show cases ; of large light signs, especially if intermittent ; a dentist's sign should not show anything other than his name, qualifications [as defined under Section 2 (j) of the Dentists Act, 1948], titles and the name of the speciality ;

(iii) To affix sign board on a chemists shop or in places where he does not reside or work ;

(iv) The insertion of all paragraphs and notices in the press and also the announcement of names in the trading lists and the display of announcements at places of public entertainment. In any case the Council deems permissible the announcement of a change of address ;

(v) Allowing his name to be used to designate commercial articles such as tooth paste, tooth brush, tooth powders, mouth washes, liquid cleaners, etc., or on circulars for such items ; or permitting publication of his opinion on any such items ; in the general or lay papers or journals.

(vi) *Telephone Directory* :—Printing of name in the Telephone Directory in any type other than that used for ordinary subscribers.

11. *Issuing Circulars* :—

A dentist being or having been in the employment of another dentist shall not either during or after the termination of such employment send, cause or authorise to be sent any letter, notice, circular or written communication to or interview or cause to be interviewed or approach any person whom he (the employee) has professionally attended for or on behalf of his employer during such employment or any other of his principal's patients notifying such person or other patients of his principal or that he has commenced or will commence in another location.

12. *Use of Bogus Diplomas, etc.* :—

A dentist can put after his name only the recognised dental qualifications as defined under Section 2 (j) of the Dentists Act, 1948. He shall not insert on sign boards, visiting cards, letter heads or anywhere else an indication of his practices of any profession other than dentistry provided that a dentist who is a qualified medical practitioner may insert his medical qualifications also.

13. *Allowing Commission*:—

The Council disapproves of a dentist paying or allowing a commission or discount to any other person or body of persons as a return for patients being sent or recommended to him, or for dental services rendered by him to such patients and similarly of his accepting any monetary or similar benefit for recommending any proprietory or patented drugs, appliance and tooth pastes, powder, etc.

14. *General*:—

The giving of false certificates, immorality involving abuse of professional relationship, conniving at or aid in illegal practice by others, the giving of testimonials directly or indirectly concerning the supposed virtues of secret therapeutic agents or medicines; promise of radical cures by the employment of secret methods of treatment are all unethical practices.

ACTION FOR UNETHICAL CONDUCT

15. When information is received by a State Dental Council of any dentist resorting to such unethical practice or practices, the Council may call upon him to explain and after giving him a reasonable opportunity for being heard and after making such enquiries, if any, as it may deem fit, may decide whether his action is tantamount to infamous conduct in any professional respect and then determine the action to be taken under Section 41 of the Dentists Act, 1948.

INDIAN AUDIT AND ACCOUNTS DEPARTMENT

OFFICE OF THE ACCOUNTANT GENERAL IN MYSORE, BANGALORE.

Notification, dated 31st July 1964.

To

All Gazetted Officers of the Government of Mysore.
Sir,

Sub—Certificate of transfer of charge on relinquishing and/or on assuming charge of posts—Despatch of to the Personal name of the Audit Officer.

No. GM/Genl/4. A reference is invited to the provision of Article 100 of Mysore Financial Code according to which every transfer of charge of a Gazetted Government servant proceeding on leave or on transfer or returning from leave should, without fail be reported by post on the same day to the Accountant General in Form 19 M.F.C. It is seen that in several cases the C.T.Cs. are treated as just routine references and sent along with other letters addressed to this office. As several letters received in this office are to be dealt in different Sections of this office, it is seen that generally some time is lost before the C.T.C. reaches the appropriate Section. In order to obviate delay arising out of this practice, it is suggested that the certificates of transfer of charge are invariably forwarded to this office, in future, in a separate cover addressed to the Officer in-Charge of the G.A.D. Section by name. This arrangement may be followed with immediate effect.

Yours faithfully.

2952 ....., *Assistant Accountant General.*
